### Sizzling Summer!

The summer heat is beating down like Evil Buu on Kami's Floating Palace. And the forecast for this month's issue of Beckett Dragon Ball Z Collector is burning up the newsstands. If you thought the heat outside was scorching, wait till you read one of this month's feature articles, Baddest of the Bad on page 22. We have created a top ten

list of the most extreme villains of DBZ. And wait till you see whose number one. Before you get there make a list of your top ten and see how it compares.

Each month we receive hundreds of letters and e-mails from DBZ fans around the world from Perth, Australia to London,

England. Not only are the letters interesting but also the artwork on the outside is incredible. The past few months we have been saving some of the best and they are available for your viewing pleasure on page 6. Speaking of e-mails, this month the DBZ Online column on page 46, is full of links to great Web sites sent in by DBZ fans.

To beat the best, you have to be the best. This month in DBZ Rulez we share with you the counter-attack that can beef-up your deck and take down some of the most notable decks. Check out the new strategies on page 18.

You want the truth; well you can't handle the truth! This month's Master Roshi's Trivia is on fire with more truths about Dragon Ball Z. Find out the who's, what's and when's on page 4.

Because of the heat, we're back with part two of the coolest card set this summer. Hero Collection Series 4 from Artbox. This set contains all our favorite heroes and their different transformations too! We pick up on page 12.

Keep it cool and keep up the great letters and artwork. And don't forget to fill out our Super Saiyan Survey on page 64, you could be chosen to win a cool Super Saiyan Trunks Promo Card.

### Want autographed cards? Who doesn't?

Levi, from Lanett, Alabama asks: "How do I get those autographed Vegeta, S.S. Goten, S.S. Goku 3 and Majin Buu cards because I Would really like to get one?

Have no fear! Autographed cards are here! Vegeta cards signed by Chris Sabat! Super Buu cards signed by Justin

DRAGONBALL Z

Cook! S.S. Goku cards signed by Sean Schemmel and more can be found randomly inserted in the 2002 Hero Collection Series 4 packs! But of course you probably already know that, since you no doubt have a copy of August's issue of Beckett Dragon Ball Z Collector....Right?

### Is there life after Dragon Ball Z? Only if you're ready for the Grand Tour...

Ray, of Monroe, Louisiana asks: "Do you guys know if the voice cast of Dragon Ball Z are planning to translate Dragon Ball GT?"

Well Ray, first of all, the voice actors themselves do not translate the episodes. FUNimation has a translator working in the studio. Also, some of the voice actors of Dragon Ball Z will be voicing characters on Dragon Ball GT, but no names have been released. Keep checking the web site www.beckettdbz.com and the magazine for the latest info!

### How about those DBZ Movies?

Well, Justin of Arizona writes: "The first three uncut theatrical movies; classic, better than Gone With the Wind, Casablanca and about six

other so called classics put together." However, Justin had a somewhat different view of "The History of Trunks", "Bardock" and "Lord Slug" features, and asks: "Please make original Japanese versions with subtitles or something. The original soundtracks from Japan are so classic."

Don't like "Deftones" or "Disturbed"
music in your Dragon Ball Z action Justin?
Need to take your DBZ listening back to its
roots? Well, your answer's only a DVD away!
"The History of Trunks", "Bardock" and "Lord
Slug" features are available right now on DVD
and include 2 versions: an English uncut version

and an original Japanese version subtitled in English. Oh, and did I mention you can purchase all three features directly from Beckett Dragon Ball Z Collector for \$24.99 each, by calling (972) 991-6657.

#### You got contest questions? We got answers!

Looks like we've got a question from another Justin, this time Justin of Napa, California, (Napa...cool...too bad it's not spelled with 2 "P's") and be asks:

"I was looking at the official rules for your contests when a question crossed my mind. It says you will accept photocopies, am I correct? Well, I was wondering, if I made photocopies of a contest fill out form and sent them all in one envelope to you, would you accept those entries

as individual entries? Would all of them be counted in the contest? The reason I ask this question, is because, when I was filling out a contest form, I noticed that it said, "one entry per person," and then right below it, it says, "photocopies are accepted." What does it mean? If you only allow one entry per person, then why do you say that you accept photocopies? That's like, violating what you said about one entry per person. Please explain this to me."

I sense confusion from your letter Justin, so we'll try and clear up the uncertainty. No, if you made photocopies of a contest form and sent them all in one envelope we would count only ONE of the entries, hence the phrase: "Only one entry per person". When we say, "Photocopies are accepted", it is so that you don't have to tear a page out of your pristine copy of Beckett Dragon Ball Z Collector. So, Save your beautiful Beckett DBZ collector and just send in ONE photocopied entry form! We're waiting!!!

### Super Saivan Piccolo? Wait that can't be right...can it?

Got any made-up Dragon Ball Z characters? Well Joanna of Kansas City, Missouri does, and she writes:

"I'm a huge DBZ fanatic and sometimes I draw made-up characters such as Super Saiyan Piccolo. I wanted to know if I would be able to

send in one of my "creations" to the DBZ art gallery of Beckett Dragon Ball Z Collector?... P.S. How many pictures am I allowed to send in to the art gallery?"

Can you send in made-up characters to the art gallery? YES! As a matter of fact that is a great idea! So send 'em in! Maybe we can even have a special "fan-creations" art gallery in one of our future issues! And no, there is no limit to how many pictures you can submit to the DBZ art gallery.

Okay Z fans, that's all for our Fan LetterZ page this time, but we hope to have many more in the future! So if you have any questions or comments please send them to "Fan LetterZ" via e-mail to dbz@beckett.com or snail mail to Beckett Dragon Ball Z Collector, Attn: Fan LetterZ 15850 Dallas Parkway Dallas, Texas 75248.

his month we've taken the advice of many of our readers and put together a checklist of one of Dragon Ball Z's most recognized characters. Because of the many transformations of Vegeta, there are many different items available in the market. From the early episodes to present, Vegeta has left his mark upon the villains and heroes of Dragon Ball Z, and what a better way to celebrate him than to show all the items available for you to collect. Check out the prices of your favorite Vegeta items in the Price Guide section on page 48.

### Counter-Attack against the Best of the Best

elcome to the latest DBZ Rulez installment. In this issue, you'll learn how to take down some of the most used deck types, and fight back against all of those powerhouse regeneration decks.

### What Wins?

Here is a list of the most popular deck archetypes, and how they are used to win their matches. After reading this section, you'll know what to look out for at local tournaments and large sanctioned events.

Dragon Ball Stasis This type of deck usually uses Android
18 or Master Roshi, and vill do what we it atked get all of the Dragon Balls at at first as sibre. The is schieved with Goku's Dragon Ball Quest/Battle sing, we Veget to brill combinations.

many attacks, yet it uses a combination of endurance and regeneration with Lord Slug's Lv. 3 card power. No matter how hard you use this deck, it just won't die.

### Orange/Blue Smackdown -

Using Android 18 with Orange or Blue is quite possibly the best strategy used in today's environment.

With Android 18's unique power you eliminate the chance of drawing Non-Combats when your oppoment that when your oppoment the using Orange, cards like Orange Auta Drill and

Orange Joint Restraint Drill are devastating, and when using tactical cards such as Blue Mental Drill and Android Arrack Drill, it can really mean a quick death for your opponent.

### Overton the Best

Now that you know what decks are the most common and how they win, how are you going to take care of them and still was by your own methods?

How is a variety of war you can take down each of these decks, and hopefully, win a tournament with an original

deck idea.

The strategy behind controlling your deck to overcome another is known as "Teching" or "Teching against." Each major deck type has a weakness, regardless of the cards they have to work against that weakness.

Dragon Ball Stasis - This deck generally runs Dende Dragon Balls, as there is no one single way to eliminate them all

from play. On top of the usual 'Anti-Dragon Ball' cards (The Power Of The Dragon, Black Water Confusion Drill, No. Really? Drill, etc.), there are many other techniques you can do to stop your opponent from winning by

### Here how Fronks

- Play any Dende Dragon Ball (DDB from now on) other than 2.
- Hit your opponent with some power ful energy attach.
- If your opponent discards that DDB;
   it will be removed from the game,
   three it is already in play.
   On your next change, play Dende
- Dragon Ball 2, and shuffle up your copy of that DDB.
- carmot win by DDBall victory.

### How wes this work?

When you shuffle up a DDB that your opponent has removed from the game, as long as you don't play it again, your opponent will never be able to gather the seven Dragon Balls, and cannot win the game!

### Other Key Cards

Namekian Regeneration/Ally - This deck type is probably the hardest to beat by conventional means, however, thanks to Cell Games cards, it is possible. This deck will either rely on its allies or its discards to dish out more damage or regenerate and start infinite loop combos. What you need to do is play some rather risky cards that will devastate your opponent.

Dying Planet - Whenever a non-Dragon Ball card goes to the owner's discard pile, that eard is removed from the game. Running this card will both hurt your deck and your opponent's, that is, unless you are using a Saiyan deck? Draw more cards, and then hit your opponent for beefy Physical Attacks. Whenever they take life cards, regenerating is no longer an option!

Red Dodge - Stops at Physical Attack. Remove the rop 10 cards in your opposed alist of me from the game. Raise your anger 1. If you are using a Red physical beat down deck, or even a red anger deck, this deck is a vital key in destroying Namekian Regeneration decks.

If playing against a Namekian Ally

deck, here are four cards that can both kill off allies, and dish out some extreme damage towards your opponent.

#### Cell's Presence

Remove all allies in play from the game. Limit 2 per deck. Remove from the game after use.

The Plan - Discard all opponents allies in play. Remove from the game after use. Both of these are strong in their own ways, however I recommend Cell's Presence more, as it is a Combat card rather than a Non-Combat (The Plan).

Cell's Power Drain - Cell only. Raise your Main Personality to its highest power stage. Lower all of your opponent's Allies to 0 power stages.

### Milyam Rapid Hiry

Energy attack. If successful, deal 4 power stages of damage to allow Ally your opponent has in play.

If your opponent uses Z Warriors Gather to earch for reline allies place them in play, use Cell's Power Drain to power those allies down to 0, then attack with Saiyan Rapid Fire. If it is successful, your opponent could nore than Julia cards of damage!

### Drill Distruction

Orange/Blue Smackdown - II your opponent is declaring a Blue or Orange Tokui-Wazu, yet has a large life deck,

----

odds are, this isn't a Dragon Ball deck. These decks will either use the power of incredible drills to stop you from performing attacks, or make their attacks that much more powerful. To stop this kind of deck, you'll need a lot of Energy Attack blocks, and plenty of drill or Non-Combat destroyers. Here are a few tips:

Android 17 Smirks -Villains only, Choose 1 opponent and remove all of his Drills in play from the game, Limit I per

deck. Remove from the game after use.

Drills Are For the Weak - Discard all opponents' Drills in play. Remove from the game after use. Limit 1 per deck.

Android 19's Energy Burst Villams only Energy attack: Remail opponent's Drill in play from the game.

All of these are excellent choices for Dell destruction, but you will need some blocks to back these up, as prevention alone is just not enough. Some recommendations are Nappa's Huergy Aura, Etiora's Force Bubble, and Cell's Defense, all at which can be used to stop all of your opponent's Energy Attacks for the remainder of the combat.

time, they should have been able to come up with some awesome attacks. But Ginyu doesn't know the first thing about wielding energy (a must if you're going to battle guys like Vegeta and Goku) and the rest of the Ginyu Force play games and strike poses when they should be preparing for battle. Until they learn that the battlefield is no place for their goofy antics, they'll always be less of a challenge than they should be.

If these jokers could ever get their act together, they could actually be pretty dangerous. With

### 9) Babadi:

Ok, he's a short little troll who's afraid of his own shadow and he's not so tough, so why he's on the list? Well, maybe Babadi can't fight his own battles but he has the

power to create nearly unstoppable warriors like Spopovich and has other threats under his control like Puipui and Yakon. Of course we can't forget he unleashed Majin Buu on the world as well. Even though his fighting skills aren't all that great, thanks to his magic, he can be a real danger!

### 11 R (1)Z

If you think your older brother's a jerk, I'm sure Goku would be happy to trade. His bigger brother Raditz tried to kill him! When this evil Saiyan came to Earth he forced a showdown that cost Goku his life (of course, Goku came back, You can't keep a good Saiyan down). Even though Raditz hadn't pushed himself to any major Saiya-Jin leyels, his natural power was greater than any fighter on earth. Raditz's. appearance was pretty early in the Z saga and at that time. Piccolo was probably the strongest warrior of the hunch. If Raditz were to samehow come back he have to advance about three more levels to give Goku and the gang a good return match.

### di A. Jin

Now here's a guy who knows how to hold a grudge! He hated the Z fighters so much he not only created several of their most powerful enemies, he eventually turned himself into a quick and powerful android so he could challenge them physically. But Dr. Gero was alway more of a thinker than fighter so even in a pretty strong android body, he was too scared to face the warriors in battle. Still, his main danger comes from his sneaky and brilliant mind. Who knows if he's go another terrifying and the like Cell, hidden away, just waiting for the right moment to strike against the heroes?

### (1) (B),

True, he's not the toughest fighter and his number of arracks aren't that impressive, but he is redibly powerful and thanks to his enchangments, Garlie Jr. can never be killed. Sure the Z

high ers could easily outlight him, but all he'd have to do is outlast them until their energy was low and then strike. It took Gohan's secret power to knock him into the Deadzone, where he's currently trapped, so we may never know just how much punishment he could take unless he somehow finds a way to escape.

### 7) Frieza:

For the time being, visitors in Toriyama i

be able to download entire scanned and translated collections of some of his various manga series. These include "Sond Land," a story of a hunt for water in a

lesert world, forturing a boy demon, dragon, and fast dune wegons, "Cowa," a full color story featuring magical kids on an adventure to resume a town, and "Kajika;" another long tale and similar to Dragon Ball. There are some other Toriyama stories as well, and a number of other Japanese manga artists work is fortured hom. Each comic page, by the way, has not been reversed, and must be read Japanese style, right to left. Due to the ever-changing nature of the Internet, I don't know how long these stories will remain available for tree download, but if you can, grab everything you see here!
